

RAILROAD TIE-UP WITHIN SIXTY DAYS IS PREDICTED

By Congressmen if Anti Strike Bill is Made a Law

Cannon Favors Anti Strike Clause Declaring Strikers are Due to Over Zealous Leaders

(By United Press)

Washington, Nov. 14—The rail roads will be completely tied up within sixty days if congress passes the anti-strike law, Representative Burke of Pennsylvania told the house today, during a debate on the Esch railroad bill.

Burke is chairman of the general adjusting committee of the conductors of the Baltimore and Ohio railroads. He indicated a tie up would be brought about by a big strike although he did not say so.

The railroad men desire to settle their dispute with their employers without the government's intervention, Representative Nolin of California declared. He is a union labor man.

Representative Cannon of Illinois announced his support of the Webster anti-strike amendment, declaring labor troubles in the country have been brought about by over zealous leaders who "think they have to raise hell to hold their jobs."

Louisville The National Oasis

Kentucky Colonels Hastening Thither by Train, Autos and On Foot to Relieve Their Thirst

(By United Press)

Louisville, Ky., Nov. 14—All roads lead to Louisville. Citizens from hundreds of towns in the state are hastening to the metropolis of Kentucky by train, by automobile, motorcycles and on foot to witness the phenomenon of the dry year of 1919.

Whiskey is on sale here today openly without camouflage. By virtue of an injunction rendered by Judge Evans, of the United States district court, two of the biggest distillers of Louisville are permitted to dispose of their stock in defiance of the war time prohibition. The court granted a temporary injunction restricting the government from enforcing the law against them.

These distillers have huge stocks of bourbon, one hundred proof, and guaranteed to harbor an old time kick. The well known pre-prohibition punch is being sold for \$70.00 a case. Everybody is welcome, everybody seems to be there. Automobiles glide to the door and return groaning under the heavy loads of liquor dynamite. Wheelbarrows stand nose to nose with the aristocratic cars while family jewels are traded for liquor. Citizens both old and young stagger under the heavy burden of twelve quart cases as they walk down the streets.

Bitter Congressional Fight in Milwaukee

Where an Attempt will be Made to Unite Democrats and Republicans to Defeat Berger

(By United Press)

Milwaukee, Wis., Nov. 14—What promises to develop today into the most bitter congressional election fight in the United States, was under way here today in an effort to prevent the reelection of Victor Berger, held unworthy by congress to occupy a seat therein, because of sedition. The Good Government League today was inviting delegates, representing republican and democrat parties, to a conference tomorrow afternoon to select a fusion candidate. A joint meeting of Republicans and Democratic county committees will be held today to determine if the invitations will be accepted.

Plane Starts on Non-Stop Flight, N. Y. to Chicago

Carries 3600 Pounds of Express Matter, to Demonstrate Feasibility of Air Freight

(By United Press)

Mitchell Field, Mineola, N. Y., Nov. 14—A Handley-Page bombing plane attempted a non-stop flight to Chicago today putting off at 7 o'clock this morning.

The plane flew here from Nova Scotia several weeks ago carrying Admiral Kerr of the British navy. Major Brackley, Col. Miller, a representative of an express company and four mechanics.

Its cargo consisted of 3,600 pounds of express matter. The plane was used to demonstrate the feasibility of an air plane as a freight carrier.

The start was delayed here by a sudden rise in temperature. When it left the wind was blowing forty miles an hour.

Judge Landis Wants to Know Who is Trying to Fix Jury

(By United Press)

Chicago, Ill., Nov. 14—Judge Landis wants to know who is attempting to influence the jury in the trial of the Pan Motor Company of St. Cloud. Charge and counter charge blew directly in his face when the judge questioned the attorneys regarding their knowledge of shadowing activities.

August Thummel of Pannell, Mo., testified regarding a call made on him Oct. 27 by a man representing himself as a Post Office Inspector. Post Office inspectors present in the court room were questioned and they assured the judge that no representatives of their department had been instructed to call on Thummel. Landis then dismissed the jury.

This information he said comes on the heels of reports which I have received for several days regarding calls made by persons claiming to be government representatives at the homes of the jury men.

After Radicals in Coal Fields

Department of Justice Officials Investigating Reports to That Effect

Cleveland, Ohio, Nov. 14—Agents of the Department of Justice were in eastern Ohio coal fields today in search of radical agitators reported inciting the miners to open rebellion against the government.

Several meetings of the miners have been attended by agitators according to reports to union officials. While the radicals did not address the meetings openly, they circulated literature among the miners advocating revolution.

Few miners in Ohio coal fields were back to work today according to reports here. No official order rescinding the strike has been received. It was said.

BANDITS AFTER BISHOP

Prelate Escapes Trap Set by Alleged Captors of Jenkins

San Antonio, Tex., Nov. 13—Federico Cordoba, the bandit chief who is charged with having kidnaped American Consul Jenkins at Puebla, Mexico, made an unsuccessful attempt to capture Enrique Sanchez Paredes, Catholic Bishop of Puebla, a few days ago.

According to information received here from Puebla. The bishop after escaping the trap set by the bandit, appealed to Federal authorities for protection.

Coal Strike Conference Meets Today

Looks Like a Deadlock as Both Sides Insist They Will Stand by Their Original Demands (By United Press)

Washington, Nov. 14—With the government acting as mediator, the miners and operators, and representatives of the United Mine Workers were to meet here today in an effort to settle the dispute of wages and hours which caused the recent coal strike.

As the delegates assembled for this "peace conference" it appeared there would be a deadlock from the very outset. The union representatives were prepared to enter the conference at 2:30 this afternoon determined to hold out for an uncompromising victory.

Acting President Lewis was expected to insist on full compliance with the men's demands for a thirty hour week and a wage increase ranging up to 60%.

Operators were solidly in favor of refusing to surrender anything to the workers. According to indications they stood pat on the Washington wage agreement, which runs until the end of the war and the war is not ended. Some of them were disposed to complain that a few of the miners have returned to work in obedience to their leader's instruction, and it was expected union chiefs would be asked about this at the outset of the meeting.

Secretary of Labor Wilson, who called the conference, has invited Dr. H. Garfield, fuel administrator, to participate, in the hope that if any agreement cannot be reached within the time, the government may be able to offer a compromise. Any compromise will also carry with it increase in the price of coal so the operators will have increased revenue to pay higher wages.

Bolsheviks Have Week of Success

Their Armies Advance Rapidly on the Eastern Front—Taking Many Prisoners (By United Press)

London, Nov. 14—Russian and Bolshevik armies have had one week of almost continuous success, the British war office statement indicated today.

Since Monday the statement said, the red forces have advanced on a front of 200 miles in the east, an average depth of five miles. Admiral Colschak's forces are reported to have lost a large number of prisoners on the western and southern fronts. The Bolsheviks have continued their drive vigorously on fronts of approximately 200 miles in each district. The Soviet armies have pierced the anti-bolshevik line, in some places pushing ahead on an average of forty miles.

Dutch Mine Sweeper Pick Up Life Boat With Steamer Crew

Of American Steamer Council Bluffs in the North Sea off Holland Coast (By United Press)

The Hague, Nov. 14—A mine sweeper has picked up a life boat containing 38 of the crew of the American steamer Council Bluffs. It is reported that the life boats were discovered in the North Sea off the north coast of Holland.

The Council Bluffs was a shipping board steamer of 1,376 tons. It is reported to have reached Rotterdam from Philadelphia November 4.

Two Large Mills Destroyed by Fire

Occident and Columbia Feed Mills Burn in Minneapolis Today (By United Press)

Minneapolis, Minn., Nov. 14—The Occident and Columbia feed mills, two of the largest in the Minneapolis milling district were practically destroyed by fire today. At two o'clock the damage was estimated at \$369,000 and the fire is still raging. A general fire alarm was sounded.

Bank Robbers Get About \$6,000

Miss Hannah Patterson has been appointed assistant to the secretary of war. She was a member of the woman's committee of the council of national defense and for her work during the war was awarded the Distinguished Service Cross.

Senate Not in Session Today

Out of Respect to Senator Martin, Deceased—Will Take up Treaty Again Tomorrow (By United Press)

Washington, Nov. 14—The senate stood adjourned today out of respect to the late Senator Martin of Virginia whose funeral will be held at his home this afternoon. Many senators left to attend the funeral. Meantime both sides declared a twenty-four hour truce in the peace treaty fight. When the upper house meets Saturday another attempt to limit debate is expected unless there are pronounced signs of activity.

Republicans are expected to offer a cloture petition if the debate shows signs of dragging. Senator Lodge is understood to have in his possession a petition by Senator Hale and signed by far more than the necessary sixteen senators. This petition is presented and cover the entire treaty. It is expected, and not any particular part, at that of Hitchcock, which was ruled out yesterday.

Prince of Wales Goes Fishing

(By United Press)

White Sulphur Springs, W. Va., Nov. 14—The Prince of Wales was to arrive here today from Washington for a three days' rest. He will fish, play golf and follow mountain trails. If the program for arrangements is followed out, Sunday he is to attend the Episcopal church. Monday he will leave on a special train for New York.

Roundup of Radicals Continues in Washington

Hundreds of Radicals Have Been Arrested in a Dozen Different Cities (By United Press)

Seattle, Wash., Nov. 14—The campaign to rid the state of Washington of I. W. W. and other radicals was under full swing today.

Reports from Tacoma stated that I. W. W.'s were gathered at Bodeaux, Washington preparatory to an attack on the jail in Olympia, the state capital where three alleged I. W. W. members are in jail.

Every man in Olympia who could obtain a gun went to the jail the dispatch said prepared to resist when attacked by the radicals. The prisoners were hurried to the state penitentiary at Monroe.

Hundreds of alleged radicals have been arrested in a dozen cities. One of the most pretentious raids was conducted yesterday in Spokane on Union League office, the organ of labor unions here. United States District Attorney Saunders charged their publisher with condoning the murderers who killed four members of the American Legion at Centralla on Tuesday. The men were released on \$5,000 bond each. E. B. Ault, the editor was then re-arrested, charged with criminal libel. He is said to have defamed the four men slain at Centralla. He was released on a \$1,000 bond. The Union League played a prominent part in the recent strike here.

Leaders Escape with Funds

Spokane, Wash., Nov. 14—While police were rounding up every I. W. W. the leaders escaped with the funds of the organization according to a complaint by the police.

James Bowman, out of jail, James Robertson, Fred Kennedy, James Ritzhouse, Harry Grimm, all alleged leaders of the I. W. W., are being hunted by police. Sixty other men are being held. Seven raids were made yesterday and last night.

Des Moines, Iowa, Nov. 14—Three alleged I. W. W. were taken into custody today by the Des Moines police in a roundup of radicals following the uncovering of a plot to kill Mayor Tom Fairweather. One of the prisoners made an unsuccessful attempt to escape.

Government Policy Towards Railroad Labor Up Today

House Considering Railroad Bill Expects to Determine Policy Toward Labor

Washington, Nov. 14—The policy of the government toward railroad labor was expected to be determined today during the consideration of the railroad bill.

The section which provides for the adjustment of railroad disputes is up for a three hours debate immediately after convening, after which time the vote will come on several amendments including the drastic anti-strike clause.

With the heads of the railway employees declaring that the government plan for adjusting labor disputes is "more vicious" than the senate, and against the proposed anti-strike law, with the union threatening a strike leaders are doubtful as to what changes the government will adopt.

The government would submit all disputes to a railroad adjusting board composed of an equal number representing all the roads and employees. Should this board fail to reach a decision, the case would be taken to the board of appeals composed of representatives of the public and employees and the roads.

Debate on Cloture Rule for Saturday; Clamping Lid Depends on Democrats

Washington, Nov. 13—The final vote upon the peace treaty must be taken before Thanksgiving, leading Republican senators have informed Senator H. C. Lodge, chairman of the foreign relations committee, and they have joined in supporting the administration forces' move for cloture in debate, to bring this early disposition about.

Washington, Nov. 14—Squarely joining the issue with President Wilson, the senate adopted today a reservation qualifying the obligations of the United States under Article X of the league of nations covenant.

Solid Lineup
A solid Republican lineup, reinforced by four Democratic votes, put the reservation across exactly as it came from the foreign relations committee and in virtually the language which the President declared in his western tour, would cut the heart out of the covenant and mean the rejection of the treaty. The vote by which the reservation won was 46 to 33.

The fight for reservation having thus been carried to a climax, the Republicans presented for future action a cloture proposal designed to bring final action on the question of ratification within a week.

REDS REPORTED NATIONALIZING ALL CHILDREN

Little Ones Taken From Parents to Suffer in Badly Managed Barracks

Washington, Nov. 13—Statements emanating from the bolshevik central executive committee in Moscow, received here, officially report the carrying forward of the soviet policy of the nationalization of children. The process is reported cruel in the extreme.

According to the reports the children are taken from their parents to be educated uniformly on the new principle and are gathered in so called "children's palaces," which, in reality, are said to be nothing but large, badly managed barracks. "In the 'children's palace' at Tule, 1,000 children are said to be gathered. They are reported as ranging from 3 to 10 years old.

Parents who object to giving up their children are imprisoned as traitors to the state, and it is reported that many mothers have gone insane or committed suicide at the enforced loss of their little ones. Parents are not allowed to visit the children. In order, according to the statement of the central executive committee to prevent the "tainting of the children with bourgeois sentiments." In certain of these gathering places the children are reported to be dying from lack of care.

Know Nothing of Arms Shipments

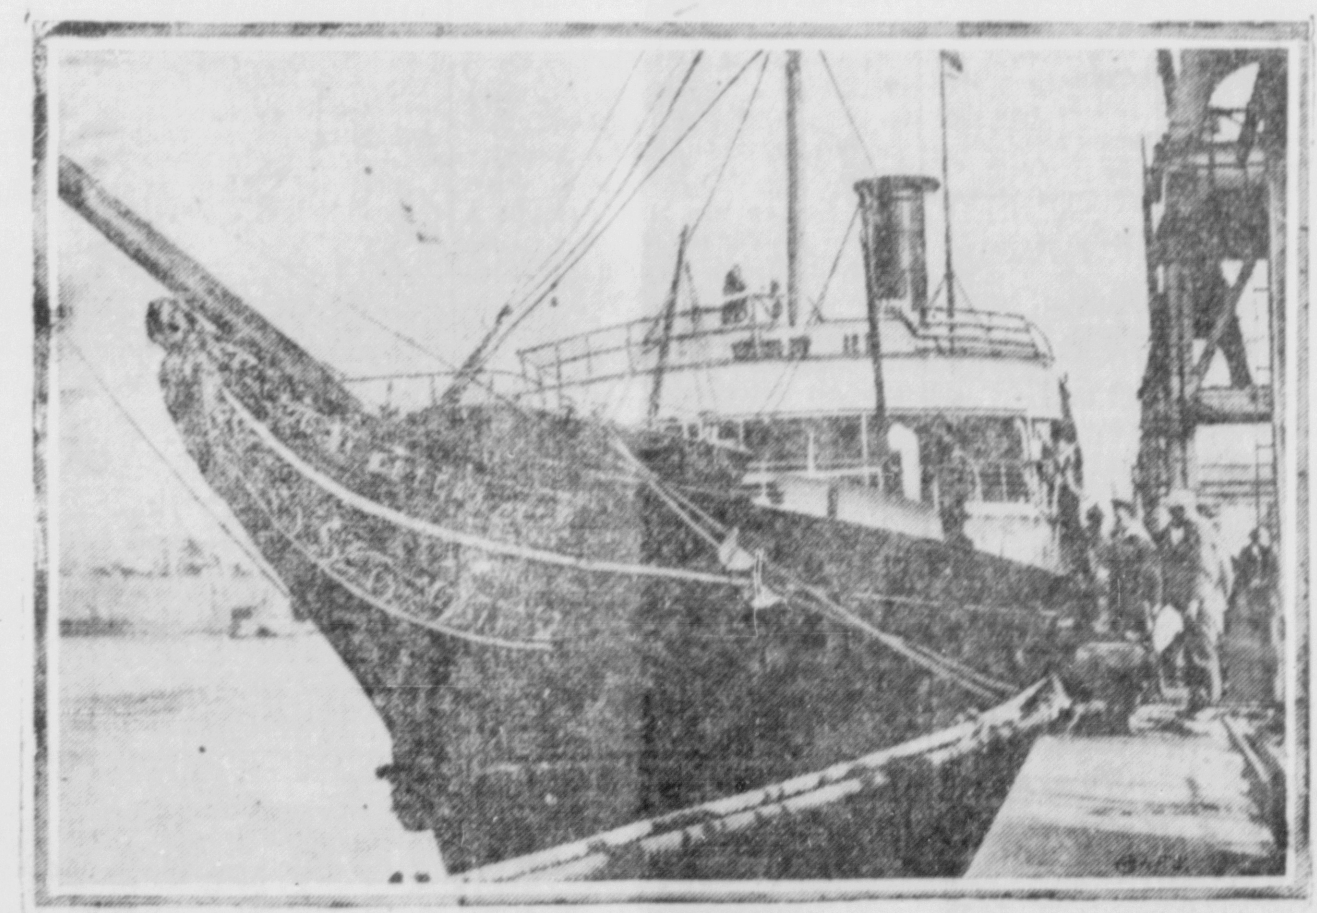

(By United Press)

Washington, Nov. 14—State department officials today declared they were without knowledge of any proposed shipment of arms and ammunition into Mexico from European countries.

The only basis for such rumors so far as the department officials knew was a shipment of arms and ammunition to South America but pointed out that trans shipment to Mexico would be prevented by the fact the insurance of these would be invalidated.

The shipments to South America were to go to fourteen different consignees, officials said.

Ex-Kaiser's Yacht, Now Used in South American Passenger Service

This photograph of the Meteor, the ex-kaiser's yacht, was taken on her arrival at Buenos Ayres from England with 170 passengers. The yacht

was turned over the British government after the armistice and delivered to the Royal Mail line, which has been using it for regular passenger service between England and Buenos Ayres. Passage in the ex-kaiser's personal suite was sold for five times the first class rate.

HERE IS REAL FURNITURE NEWS

We are pleased to announce that we are now in our New Location in the Mahlum Block, corner of 8th and Laurel streets. Greatly increased floor space, abundant light, fine windows enable us to display our lines to the very best advantage. Then too, our entire stock is now on one big floor. No more stairs to climb, no going down into the basement. Everything where you can see it quickly and easily. New stocks are arriving daily and we are in a position, now to offer you an unbroken line of FINE HOMEFURNISHINGS.

Way Twins

We are selling agents for the famous WAY TWINS, the WAY SAGLESS SPRING and the WAY NEVER-SPREAD MATTRESSES. The WAY SAGLESS SPRING needs no introduction. Every housewife is familiar with its remarkable comfort and durability. The WAY NEVERSPREAD MATTRESS has not been on the market so long but is fully guaranteed as is the spring. To say that it is twin to the spring is all the recommend

that it needs. A trial will convince you that this combination is the last word in sleeping comfort.

Way Sagless Spring \$12.50
Way Neverspread Mattress. \$27.50

Elwell Cabinets

We are firmly convinced that the Elwell Cabinet is the most complete cabinet on the market today. It has more conveniences, saves more time and steps, and is better built than any other line.

The cabinet illustrated is the famous Big-door Elwell. Notice that it has the flour bin where it belongs, in the base. You do not have to get on a chair and lift the flour above your head to put it where it belongs, it goes easily and naturally into the lower bin. Then too, it holds one hundred pounds of flour, a fact which recommends it to the careful housewife. It is equipped

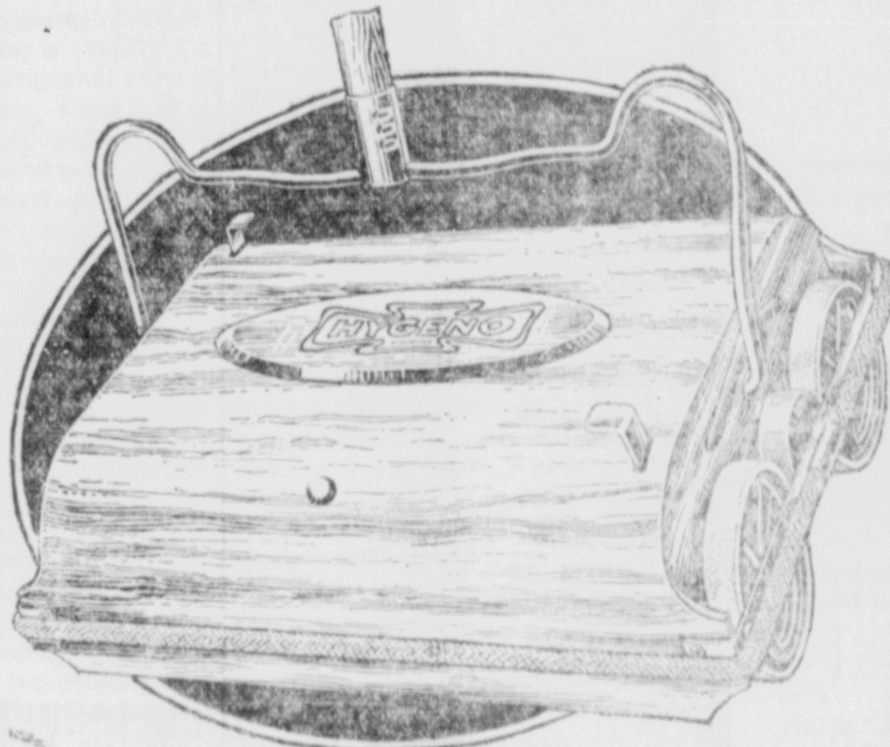

with a rust proof bread box, has a space for kettles and pans, a mixing board, a roll front, a movable sugar can, arranged so that you can take the sugar out either at the top or bottom, cans for tea, coffee and spices and the entire top of the cabinet free for dishes and food packages. Then too there is a great deal of space inside the big doors that is lost in the ordinary. We could cover this entire page with the good points of this wonderful cabinet, but space forbids. Come in and let us show you this wonderful line.

Peninsular High Oven Range

This is the last word in range construction. This range is a real ornament to the kitchen, one that adds to the attractiveness of the room and at the same time produces better baking than can be achieved with any other type of stove.

It is a law of nature that heat, being lighter than air, moves naturally upward. In the ordinary range the oven is lower than the fire box so that a certain amount of energy is wasted in drawing the heat around under the oven and then to the chimney opening in the back.

In the High Oven Range the oven is placed higher than the fire box so that the line of heat travel is natural all the time. The heat rises naturally, circulates freely on

ALL sides of the oven and naturally enters the chimney from the top of the range. Every particle of heat that comes from the fuel is utilized in heating the oven. The fire box is large and deep with three pieces sectional fire back with a hot blast arrangement to burn the heavy smoke and gas that comes from soft coal. With polished steel top, porcelain splashes in back above cooking top and full nickel trimmed it is indeed a range to bring joy to the heart of any housewife.

Italian Dirigible to Cross Atlantic Without Refueling

Rome, Nov. 13.—The airframe at Ciampino, near Rome, is busy building a new dirigible destined to cross the Atlantic ocean. The airship, it is said, will be capable of traveling 3,125 miles without refueling, and will accommodate 150 passengers.

DEVELOPMENT MEET STARTS AT DULUTH

Northern Minnesota Development Association Meeting Attracts Many to Zenith City

OFFICERS REPORTS ARE MADE

Awards on Potato Exhibits, Brainerd Men are Listed Among the Winners in Several Classes

Big rough potatoes, some weighing more than a pound; small potatoes with glistening skins; potatoes of every size and variety grown in the state, thousands of them, are now on exhibit at the Armory in Duluth, in the biggest spud exposition in Minnesota for 1919, under the auspices of the Northern Minnesota Development association, says the Duluth News Tribune.

"Back to Land"—Wise

Urging a back to the land movement in the face of the growing menace of strikes and internal disorders, R. R. Wise, president of the association, told the delegates at the first business meeting that the development association is destined to be the clearing house for all agricultural projects set forth in northern Minnesota. He told his hearers to exert every effort in affiliating all of the farming regions and cities with the organization.

In his annual report, Fred T. Lincoln of Brainerd, secretary, said that although less than \$2,000 working capital has been available three successful conventions had been staged during the year. Mayor C. R. Magney welcomed the delegates to Duluth in behalf of the citizens of the city.

Forage Goes to Waste

"The cattle forage crops wasted each year in the northern part of Minnesota would feed all of the stock in America," said E. T. Winship, president of the State Automobile association and prominent Guernsey breeder, in an impromptu talk. He said that it should be the aim of every farmer to harvest these crops so that the wastage would be negligible.

Mr. Wise appointed the following committees who will make reports at the final business session tomorrow morning: Credentials, L. W. Huntley, Grand Rapids; W. G. Ryder, Hibbing; John Hoffman, Boy River; James Reid, Big Forks; auditing, Thomas Owens, Two Harbors; S. D. Patrick, Grand Rapids; J. P. Brewer, Pine River; resolutions, St. Louis county, Charles E. Carter, Bemidji; Cass county, Senator P. H. McGarry, Walker; Lake county, John Dwan, Corvilling, Hinkleley; Itasca county, L. Corwing, Hinkleley; Itasca county, L. A. Roseman, Grand Rapids; Crow Wing county, J. A. Hayes, Brainerd; Carlton county, George P. Groat, Carlton.

"On to Bemidji"

"On to Bemidji" is the slogan of a delegation of boosters from that city who arrived in Duluth to open an energetic campaign for the summer convention of the N. M. D. A. in 1920.

"Bemidji was the birthplace of the development association and every time we have asked for the conventions of the organization the request has been granted," Mr. Carter said. "So far there has been no opposition to our bid for the summer outing and we expect to land it. Bemidji has its many lakes, summer hotels, three railroad trunk lines, two branch lines and good roads, all inducements for summer gatherings."

Announce Awards

Awards have been announced on potato exhibits. Brainerd exhibitors receiving mention included: Burbank Russels; W. Waffensmith, fourth prize.

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. Address: 75c. P. J. Cheney & Co. Toledo, O.

AMUSEMENTS

"OH, BOY"

To be at Park Theatre Monday, Nov. 17—18 Musical Numbers in Show

A newly married couple, a midnight supper and a dashing and captivating actress, Jackie Sampson, accidentally meeting Jim Marvin in an apartment where she takes refuge in fleeing from an officer of the law after a mix-up in a gay restaurant is the story of "Oh, Boy," the delightfully pretty New York Princess Theatre musical comedy success which F. Ray Comstock and William Elliott will send here, appearing at the New Park theatre on Monday evening, Nov. 17.

The book and lyrics of "Oh, Boy" are by Guy Bolton and P. G. Wodehouse and the music is by Jerome Kern. The story of "Oh, Boy" revolves around one George Budd, a young bachelor who secretly marries Lou Ellen Carter without taking her parents into his confidence.

Jim Marvin, a friend of Budd's, gathers about him a number of gay friends at Budd's apartments in order to celebrate a polo victory. They enter by the way of the fire-escape just about the same time as the newly married couple and clever Geo. hides his friends in an adjoining room. Budd induces Jim Marvin to entertain while he spends a few minutes with his bride. A telegram arrives from his quaker aunt who is his guardian and (posed to his marrying. The bride decides its best to spend the night at her home. She and George leave the apartment, and then Jackie Sampson, an actress who plays "Modesty" in "Experience," dashes in the open window to escape a constable.

Jack favors her for she meets Jim Marvin. She tells him she was with a party in the restaurant, and during a mixup, and in order to protect herself, she hit an officer in the eye. Jim Marvin proves a timely friend and introduces her to the constable as the real Mrs. Budd. The arrival of the bride's father and mother, and Budd's quaker aunt, result in some amusing situations but as George is a resourceful young man he manages to straighten out the mix-up and the story ends with happiness for all.

Eighteen musical numbers grace the score of "Oh, Boy" of the whistling kind. Some of the most popular are "An Old Fashioned Wife," "Till the Clouds Roll By," "Rolled into One," "The First Day of May," "Koo-la-loo" and "Nesting Time in Flatbush."

SATURDAY Opens the Nov. Sale of FURNITURE

CLARK'S is growing every day—you hear it talked on the street—casual conversations in homes, gossip talks among the women, overheard accidentally—all give evidence of the public's appreciation of our efforts to give Brainerd a larger, better, finer store, where merchandise can be found in wide assortments and at prices that are generally known to be "a little lower."

No where in this institution is there more striking evidence of growth than in our furniture section. Our selections are more varied, of a higher standard, and our stock of furniture more than doubled in recent month.

So we come to this November Sale of Furniture with a confidence of increase business and public approval such as we never anticipated before.

The Sale opens Saturday—be here—make your selections, either for an entire home or only one piece—comparison will prove the merits of quality and value.

Convenient terms of payment
may be arranged, if desired.

NOTICE

Every child visiting this store Saturday evening between the hours of six-thirty and eight o'clock, accompanied by one or both parents will be presented with a beautiful present.

PET CORNS

Few Drops of "Freezone," Then Lift Corn Right Off

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

AGED RESIDENT HAS NARROW ESCAPE

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to help me. One dose of Mayr's Wonderful Remedy, recommended by the corner druggist, proved a life-saver to me. I am continuing it with splendid results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Explaining His Intention.

A nervous young curate in an English coal mining district was officiating at his first wedding. The bride and bridegroom smiled encouragingly at his first few blunders, but matters got serious when he turned to the bridegroom and asked, "Wilt thou have this woman as thy wedded husband?" The bride giggled, but the curate, getting hotter and hotter, tried again, "Wilt thou have this man to this wedded woman?" he said. At this the bridegroom interfered, "Aw don't know vot yer wants me to hev," he said, "but aw coom here for her"—laying his horny hand on the bride's shoulder—"an' aw'll hev her or nowt!"

Tells How He Was Helped

James McCrery, Berrien Center, Mich., says he was troubled with kidney and bladder trouble for two years and used several kinds of medicine without any benefit, but Foley Kidney Pills gave him relief from aches and pains and stopped sleep disturbing bladder ailments. They stop backache and rheumatic pains; ease lameness. H. P. Dunn. mwf

Denmark Has Oldest Flag.

The flag of Denmark, a plain red banner, bearing on it a white cross, is the oldest flag now in existence. For more than 500 years both Norway and Sweden were united with Denmark under this flag. In the year 1212 King Waldemar of Denmark, when leading his troops to battle against the Livonians, saw, or thought he saw, a bright light in the form of a cross in the sky. He held this appearance to be a promise of divine aid, and pressed forward to victory. From this time he had the cross placed on the flag of his country and called it the Dannebrog—that is, the strength of Denmark.

Recommends it to Anyone

"My son had a cough for a long time," writes Mrs. Heck, 728 Pehr Ave., Louisville, Ky., and he tried Foley's Honey and Tar and he slept better that night than he had for some time. It certainly is fine. I recommend it to anyone. Good for coughs, colds, croup, whooping cough. Children like it. Contains no opiates. H. P. Dunn. mwf

Cheer Up and Gear Up.

It takes cheer and gears to make this old world go. The average man has so many things that hold him back that he is in danger of giving up. But the great men of the age are the product of trial. They come through the furnace tried and fitted for life's obstacles because they have dared face the up-grades with a smile. Emerson says, "Nature, when she adds difficulties, adds brains." That may not seem to be true while we are under trial, but the saying holds in the long run. And, besides brains, you must have a reasonable measure of good cheer. It's so easy to go down because there is nothing in the mind to add resistance to the constant thud of adversity. You must cheer up as well as gear up if you are going to win.

Don't Disregard a Cold

A neglected cold may develop into most serious sickness. The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time. It loosens phlegm and mucous, clears air passages, eases hoarseness, stops tickling throat. H. P. Dunn.

NORTHWEST NEWS

(By United Press)
"America First"

Fairmont, Minn., Nov. 14.—The first "America First" convention for Minnesotans convened here today. Many Fairmont citizens were instrumental in launching the campaign for "America First" association in the state and they will play a leading part in the conference. Scores of folks from all parts of the state, interested in Americanization work, are here.

Prairie Provinces

Winnipeg, Man., Nov. 14.—Portions of the Indian reserves in the prairie provinces, comprising 68,000 acres of land, have been secured by the Canadian Settlement board and will be made available for soldier settlement.

The land taken over is all of good agricultural quality and within easy reach of transportation facilities. As much of this land was bought en bloc, a readjustment of prices will be necessary after subdivision, all land in the various blocs not being of the same agricultural value.

The necessary survey work and subdivision valuation are causing some delay. A special effort, however, is being made to have the land ready for disposal to soldier settlers as early as possible.

Minot Exposition

Minot, S. D., Nov. 14.—Five hundred and sixty dollars in cash prizes will be awarded at the three day corn and potato show concluding Saturday night.

The best community exhibit will receive \$50; the second \$30; and the third \$20. A local bank will give a fifty dollar liberty bond to the owner of the best bushel of potatoes shown.

Political Pot

St. Paul, Nov. 14.—The Minnesota political pot is boiling a year ahead of time.

With one positive candidate for governor, another a hot prospect and a half a dozen more looking over the ground, politicians today were shining up their records for a strenuous campaign.

Franklin Ellsworth, representative in congress from Mankato, announced himself a candidate for governor early this year. His term in Congress expires in 1921.

Julius Schmalz, secretary of State, has a good sized boom going and scores of his friends are urging him to the contest.

Whether Governor Burnquist will be a candidate again is an uncertainty.

Nonpartisan league officials have thoroughly canvassed the state and have sent a corps of organizers into every nook and corner of the Gopher domain. They hope to capture the state government this year from the Burnquist Republican organization. A movement is afoot to align with the labor organization of the state and a body has been formed for this purpose.

Oscar Arneson, clerk of the house in the legislature, is the latest one to put his name in the pot for state office next fall and he is the first to file with the secretary of state. He will run for lieutenant governor.

Scores of other candidates are expected to be made known within the next few weeks for state and district offices.

Big Power Plant

Winnipeg, Man., Nov. 14.—Active work on the construction of the new hydro-electric plant for the Winnipeg Power Co., Ltd., on the Winnipeg river, 14 miles north of Lac du Bonnet, Man., has begun.

The design contemplates the ultimate installation of six units of 28,000 horsepower each. The initial plant is being built by the Northern Construction company, for the power company, which is a subsidiary of the Winnipeg Electric Railway company.

The power from the plant will be transmitted to Winnipeg over a seventy-mile line with steel towers. A 65 by 266-foot steel and brick transformer station will be built at Winnipeg. Another line will connect the new plant with the present transmission line from Pinawa to Winnipeg at a point about five miles south of Lac du Bonnet. The new plant will thus be connected with the city by two separate lines located at considerable distance from each other.

After Cattle Rustlers

Bismarck, N. D., Nov. 14.—A campaign against cattle rustlers will be outlined at a meeting of farmers, cattlemen, sheriffs and states' attorneys of the slope country here this week. Cattle rustling has grown to alarming proportions. Recently a gang

which began operating in three states was rounded up in South Dakota, but notwithstanding this cattle continued to disappear in the slope country. Some concerted plan of officials and residents of the counties pestered was found necessary.

This Woman Found Relief

Men and women suffering from kidney and bladder trouble will be glad to read how one woman found relief. Mrs. G. Hyde, Homestead, Mich., writes: "I had that terrible backache and tired out feeling, scarcely able to do my work. Foley Kidney Pills made me feel like a new person." H. P. Dunn. mwf

BIG MEN AT POKER TABLE

Correspondent of Saturday Evening Post Writes of Games in Which Statesmen Figured.

Mr. Cleveland was fond—not overfond—of cards. He liked to play the noble game at, say, a dollar limit—even once and a while for a little more—but not much more. And, as Dr. Norvin Green was wont to observe of Commodore Vanderbilt, "He held them exceeding close to his bosom."

Mr. Whitney, secretary of the navy in his first administration, equally rich and hospitable, had often "the road gang," as a certain group, mainly senators, was called, to dine, with the inevitable after-dinner soiree or sequence. I was, when in Washington, invited to these parties. At one of them I chanced to sit between the president and Senator Don Cameron. Mr. Carlisle, at the time speaker of the house—who handled his cards like a child and, as we all knew, couldn't play a little—was seated on the opposite side of the table.

After a while Mr. Cameron and I began bluffing the game—I recall that the limit was \$5—that is, raising and back-raising each other, and whoever else happened to be in, without much or any regard to the cards we held.

It chanced on a deal that I picked up a pat flush; Mr. Cleveland a pat full. The Pennsylvania senator and I went to the extreme, the president, of course, willing enough for us to play his hand for him. But the speaker of the house persistently stayed with us and kept on.

We could not drive him out. When it came to a draw Senator Cameron drew one card. Mr. Cleveland and I stood pat. But Mr. Carlisle drew four cards. At length, after much banter and betting, it reached a showdown and, mirabile dictu, the speaker held four kings!

"Take the money, Carlisle; take the money," exclaimed the president. "If ever I am president again you shall be secretary of the treasury. But don't you make that four-card draw too often."

He was president again, and Mr. Carlisle was secretary of the treasury.—Saturday Evening Post.

Only the Beginning.
"Liberty hath a sharp and double edge fit only to be handled by just and virtuous men," so Milton asserted long ago, adding that "to the bad and dissolute it becomes a mischief unwieldy in their own hands." Even if we Americans can clear ourselves of being "bad and dissolute," we have much to do before we may claim to be "just and virtuous." Justice and virtue are not to be had for the asking; they are the rewards of a manifold contest with selfishness and sloth. They are the result of an honest effort to think straight. . . . Merely to feel is only the beginning; what remains is to think and to act.—Brander Matthews.
